# SABUR SD70 DTF PRINTER

**A NEW ERA FOR GARMENT PRINTING**

NO MORE  
**WEEDING**

**3200 DPI**

max. resolution

**700 mm** | **200 pcs/h**  
printing width | printing speed

## MAIN FEATURES

**SIMPLIFY YOUR PRINT WITH DTF**

Ink recirculation system

Reduced footprint with  
vertical dryer system

Ergosoft RIP Software available

UK Service and support team

Head carriage collision sensors

Auto Powder recycle system

**SABUR**  
DIGITAL PRINT SOLUTIONS

# T-SHIRTS, HOODIES, CAPS AND MORE

**ONE SOLUTION - ENDLESS APPLICATIONS**

## ADVANTAGES

**WATER BASED INKS**

**NO PRETREATMENT REQUIRED**

**FULL INLINE SOLUTION**

**HIGH DENSITY WHITE INK**

**SABUR**  
DIGITAL PRINT SOLUTIONS

# TECHNICAL SPECIFICATIONS

<b>Model</b>	<b>Sabur SD70 DTF Printer</b>

<b>Heating System</b>	<b>Extra Front Heating System</b>
<b>Feeding Method</b>	<b>Roll to Roll, Leaf</b>
<b>Color Management</b>	<b>ICC Based; Density &amp; Curves Adjustable</b>
<b>Power Supply</b>	<b>50/60Hz. 220V, 10A</b>
<b>Dimensions (L*W*H)</b>	<b>100 Kg.</b>
<b>Gross Weight</b>	<b>1200x960x1000mm</b>
<b>Working Environment Temp.</b>	<b>20°C-35°C (68F-95F)</b>
<b>Working Environment Humidity</b>	<b>35%-65% Rh</b>
<b>Printing Speed</b>	<b>4 Pass 12 sqm/h, 6 Pass 10 sqm/h</b>

## GENERAL INFORMATION

DTF (Direct To Film) is the latest print technology for printing stunning garments using waterbased inks without the need for Pretreatment or weeding.

Create highly durable printed garments with an efficient inline process, print on light and dark garments with the addition of WHITE ink. Suitable for a wide range of textiles including stretch materials.

The Sabur SD-70 is an all-in-one inline solution, including a 70cm wide printer and coating system. That work simultaneously to enable efficient garment decoration production.
